

DID YOU GET YOUR FLU SHOT YET? HOW ABOUT THE COVID BOOSTER?

I've been noticing the wonderful fall colors as I drive around and am amazed every time I see it. I've also noticed a few more road killed deer lately. It is a good time for those of us with young and inexperienced drivers in our home to remind them not to swerve to avoid deer. Going into the ditch off the road can have fatal consequences. Remind them to slow down, especially in the dark and on country roads.

With the long dark days of winter approaching if you know of a family member or friend that enjoys listening to audio books have them check out the Wisconsin Talking Book and Braille Library for this free service, <https://dpi.wi.gov/talkingbooks/apply#eligible>

[Applications and Eligibility - Wisconsin Department of Public Instruction](#)

In addition, the WTBBL circulates audio books and braille materials about Wisconsin or by Wisconsin authors, as was audio-described DVDs. The NLS Talking Book Program was established by an Act of Congress in 1931.

dpi.wi.gov

Availability for this service is based on a visual or physical deficit or reading disability. There is an application process and I, as your Parish Nurse, can be the "certifying authority" just put my name and information in the box. The application can be filled out and submitted online. You can contact me if I may be of assistance.

I am available to you on the phone or by appointment. Please call or text me at 920.319.1961, this is my Church Health Services work phone number, if you do call, please leave a message and I will call you back.

Wishing you and your family health and happiness,

Bob Gionet, RN, Parish Nurse
