Dear Parents,

As our Religious Education year comes to a close, I wanted to share the plans for our program moving into next year. There are a few changes coming to class dates & times, which we felt was important to share prior to sending registration forms for next year's classes.

Ultimately, we understand our decision will not be a perfect scenario for all families. When our committee of Catechists, DRE's, and Parish Council Members met in late February, we made a decision that we felt would be beneficial for the majority of families. We truly care about the success of our Religious Education program, so we ask for understanding with the change moving into the 2023/2024 school year.

Before moving into next year, I would be mistaken if I didn't send a large token of appreciation to all of our Catechists who were the 'Faces of Faith' to all of our students this year. They were remarkable in bringing joy and excitement to each student's Faith. Thank you again to all of our teachers of the 2022/2023 School Year!
